Hi, Libby.

April has pulled data for Silverton/San Juan County and Columbia Falls. Perhaps we could look at one of those as an example of the information she is able to generate about a community.

Cynthia

Hi April,

Thanks for setting this up. Sher and I are both out this Friday but I may come in for this or call in remotely. While I think we already consider EJ concerns in our community involvement work I would be interested in determining of the following sites which of the site below are considered EJ. We're trying to get a better understanding of just how many new sites we're looking are potential EJ communities. Hopefully we can look at these sites more closely during this session.

Nonresponsive - discussion of other sites

We're also looking at Upper Animas in Silverton which is not a Superfund site but Cynthia may have already pulled the information on this site.

Thanks, Libby

Libby Faulk, PAI Unit Supervisor

Subject: EJSCREEN Introduction and call with Yolanda Sanchez R9 CIC

When: Friday, January 30, 2015 10:30 AM-12:00 PM (UTC-07:00) Mountain Time (US & Canada).

Where: Prairie Rose 7th Floor - Conference call **Nonresponsive Conference Code**

All that are attending,

Please bring your laptops and be set up to access intranet site remotely.

Good morning Sher and Bill,

Cynthia informed me that you are interested in receiving training on EJSCREEN. We will go over the basics of EJSCREEN and also discuss approaches to incorporate this work into your community involvement work with Yolanda Sanchez (Region 8 CIC, previously OSWER EJ Coordinator). I think Yolanda will have greater insight into how EJSCREEN can assist your work.
